To whom it may concern,

I am the IT Director at Foulkeways Retirement Community. I used Don Campbell of Crown VoIP & IT to help evaluate my current fiber and voice costs. He also provided me with alternate solutions to replace or supplement our service. Our preference was to keep our current provider, so Don helped negotiate a substantial discount while increasing the speed of the internet service. Don brought tremendous value through his knowledge of various suppliers and the marketplace. I can recommend working with Don.

Sincerely,
